ing this picture, the producer has
vested care was taken to set the scenes
in a typical frontier town, with low-
lying mountains for a background.
The wild free atmosphere of hill and
valley pervades the picture with ex-
citement. Mr. Edson plays the part of
a fighting parson and there is wonder-
ful scenes in which he battles single-
handed with a crowd of desperadoes.
The most part however, his acting is
characterized by the sincerity and
earnestness of his performance. Rex
Hart as the avenging road agent gives

man, a real hero of the rough who is
redeemed from the life of a bandit by
the power of greater love, supporting

including many of the world's master-
pieces. The big two-reel Biograph en-
titled "Adam Deeds," is a picture of
superb in every sense of the word,
and this costume play has the reputa-
tion of being one of the most un-
usual and beautiful dramas of the
year.

Three Acts at the Auditorium.
For the first three days of this week
the management has booked three
first class acts of vaudeville and a big
three reel picture play with the
popular favorites, Pauline Buehler
and Ed Moore, in the leading roles.

orate special stage setting is being

and Co. will present the third

reel feature mentioned above is
titled "A Daughter of the Nile," and
Miss Bond and Mr. Moore are seen

telling and mysterious story of the land
of the Pharaohs, mingling deep love
plots and comedy scenes. After such
intriguing diplomats, Love and

STICKLEYS CRAFTSMAN FURNI-
TURE.

Every reader of The Bulletin will be
pleased to hear that the recent finan-
cial reverses that overtook Gustave
Stickle and the Craftsman Building
38th and 29th street, New York, have
been successfully overcome, and that
the present sale of Craftsman Furni-
ture prior to the reorganization, means
that under the new plan of operation
will be equipped with new stock
of furniture. The economic losses from

Billions of Rats Great Menace to Hu-
man Life.

Under normal conditions a female
rat will bear three to five litters of
ten, each year. At this rate one pair
of rats would in five years increase to
over nine hundred billion, provided
all survive. The economic losses from
rat depredation in the United States
are enormous. A government report
states that the American people lose
\$100,000,000 yearly in grain alone to
feed the rat. Add to this \$35,000,000
lost in the destruction of poultry,
eggs, other foodstuffs, damage to
buildings, furniture, pipes, bank-
notes, foundations, pipes, etc., and
you have an amount equal to the re-
venue of an empire. And so far as
anyone has been able to make out the
rat service must be useful purposes.
They are a wary, alert and dangerous
foe and it will require intelligent,
careful and unrelenting efforts to
suppress them. In some localities the
suppression of the rat has become al-
most a necessity for the preservation
of the human race. It has followed
man into all parts of the globe and
where the rat goes, plague and other
pestilences follow. The rat is a danger
in addition to carrying plague, is also
the reservoir of trichinosis, and ten
in keeping with the theme. They
have just completed a tour over the Keith

dous hit. Davis patrons
